

# PMI SITECLOSURE

Safe, Simple, Reproducible Results

**Designed to Make Fascial Closure Easy**

PMI SITECLOSURE products include suture graspers in regular or bariatric lengths, along with suture guides in different sizes, lengths, and hole configurations to fit your needs, from 5mm to 15mm.

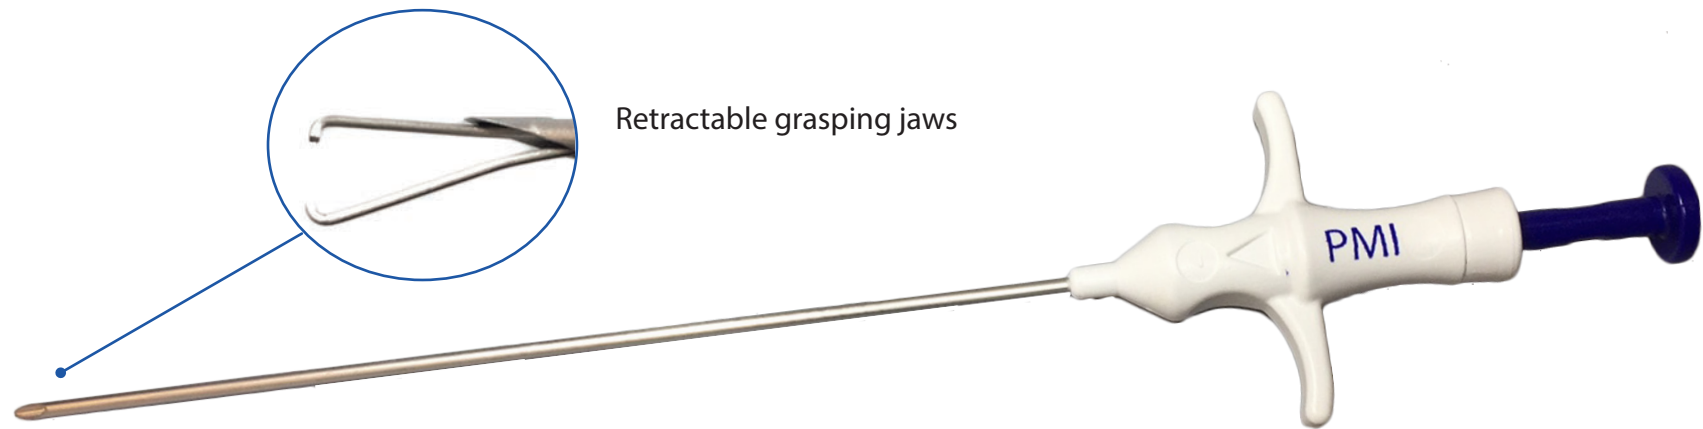

## PMI SUTUREGRASPER

A versatile device which provides optimal control for laparoscopic hernia repair, site closure or percutaneous tissue retraction.

### Features & Benefits:

- 14 gauge outer diameter
- 15cm standard and 18cm bariatric lengths
- Sterile, single patient use
- Sharp tip for easy insertion
- Intuitive, retractable grasping jaws provide secure suture grip
- Ergonomically engineered handle to reduce fatigue

### Ordering Information:

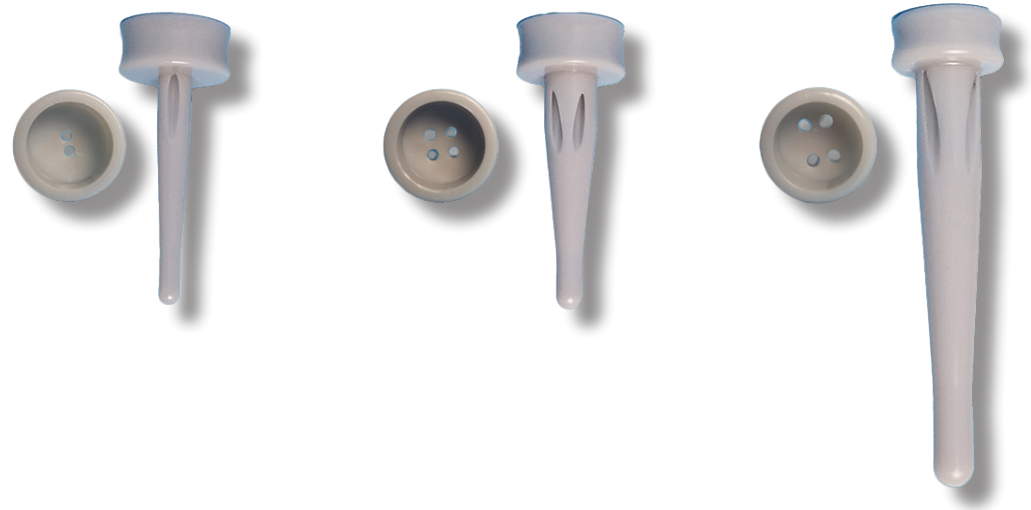

Item Number	Item Description	Length	Qty.
PMITCSG	PMI Disposable Suture Grasper	15cm	10/box
PMITCSGXL	PMI Disposable Bariatric Suture Grasper	18cm	10/box

## PMI SUTUREGUIDES

Precisely engineered with angled holes to enable full closure of the fascia and peritoneum, while ensuring precise placement of the **PMI SUTUREGRASPER**.

### Features & Benefits:

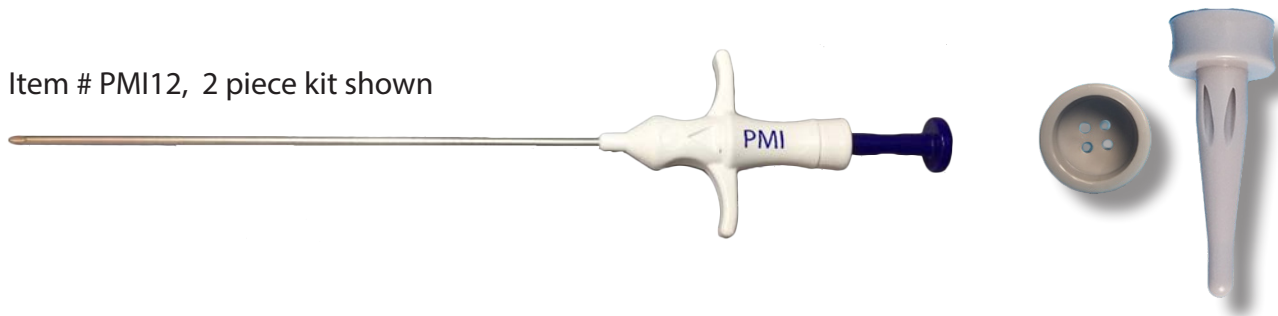

- Available in multiple sizes for all laparoscopic procedures including bariatrics
- Sterile, single patient use
- Smooth, tapered edges for safety and ease-of-use
- Angled guide holes in 2 and 4 hole configurations to enable capture of tissue with full thickness fascial closure.

## PMI SITECLOSURE KITS

**PMI SITECLOSURE KITS** include a suture grasper in regular or bariatric length, along with suture guides and are available in different sizes, lengths and hole configurations to fit your needs, from 5 to 15mm.
