

"Improving Outcomes with Clinical Safety"

Progressive Medical, Inc. joins forces with CME America's line of Infusion Pumps Assembled and Serviced in the U.S.A

CMEAmerica®

CME America has served customers in the U.S. and Canada for over a decade. Their customers have used tens of thousands of infusion devices to safely deliver over 8 million infusions to their patients. "We take pride in working with them, and with clinical innovators, to research and engineer new infusion technologies that will further advance safety and outcomes for their patients."

We are confident this partnership emphasizes Our Mission, "To provide our customers with quality, cost effective, innovative products in conjunction with providing excellent customer service and satisfaction."

Progressive Medical, Inc. (PMI) is a national specialty medical products sales, marketing and distribution company. We provide clinicians with innovative products designed to improve patient outcomes and quality of care. PMI products reduce healthcare cost by maximizing clinical efficiency and improving safety for patients, employees and providers.
