

VisiGuard® Face Shield with ZipStrap®

The VisiGuard® Face Shield, a key instrument in your PPE Arsenal. FDA Certified for Coronavirus use. **Made in the USA, the simple to use, reusable solution that provides improved protection and comfort.**

Safety Benefits:

- FDA certified in the fight against Covid-19 (EUA 4132020 Model #12157)
- Complies with ANSI Z87.1 D3 standard for splash and droplet protection, as well as clarity, facial coverage and impact protection.
- VisiGuard® 2.0 provides 172 sq in (436.8 cm) of facial coverage at .25mil / 0.635mm
- VisiGuard® 3.0 provides 123 sq in (312.4cm) of facial coverage at .15mil / 0.381mm
- Up to 3 times thicker than most medical face shields on the market.

Product Features:

- Made in the USA, reducing supply chain disruptions.
- 100% Latex Free
- 100% Recyclable
- Reusable design allows for repeated cleaning.
- Assembles in seconds

Revolutionary design (patent pending) allows the shield and strap to be used without foam or fabric that may harbor contaminants.

Integrated fully adjustable ZipStrap® improves comfort.

DESIGN:

- Automated Manufacturing and Packaging - Virtually impervious to supply chain disruptions.

QUALITY:

- Revolutionary Design - (Patent Pending) allows for improved safety and repeat cleaning by eliminating foam or fabric that may harbor contaminants.
- Durable Design - up to 3 times as thick as most medical face shields.
- Anti-Fog – Novel Product Design minimizes potential for fogging. Other shields require an anti-fog coating to dissipate condensation. This coating is removed if disinfected with typical cleaning chemicals.
- 100% USA Manufactured and Packaged - VisiGuard is manufactured and packaged in the state of Missouri in a clean room environment.

MINIMIZED ENVIRONMENTAL IMPACT:

- Minimized Storage Required
- 100% recyclable - marked. Manufactured using the most commonly recycled FDA approved plastic (PET) material in the world.

SAFETY:

- Up to 56% more facial coverage.
- Minimized Contact – Patent Pending design and the automated manufacturing and packaging process minimizes the need of touching the shield other than on its edges by gloved hands during packaging or use.
- 100% Latex Free
- FDA Approved in the fight against Covid-19 per EUA 4132020 MODEL#12157
- Complies with ANSI Z87.1 D3 standard for splash and droplet protection, as well as clarity, facial coverage and impact protection.

EASE OF USE:

- Assembles in seconds - instructions are included and available on our website.
- Improved comfort with integrated fully adjustable ZipStrap®.
- Easy to Clean - Compatible with common cleaning chemicals including 70% Ethanol, 70% Isopropyl Alcohol, 3% Hydrogen Peroxide, 6% Bleach cleaning solutions, and Lysol among others.

Use only as a face shield to protect against fluid splashing or spattering. Not intended as protection from airborne particulates. This face shield has not been cleared for medical use by the U.S. Food and Drug Administration. This face shield has not been evaluated for protection from, or the prevention of, any diseases or infections or for any reduction in the risk of exposure to a virus, bacteria or fungi.
