SMARTeZ® Elastomeric Infusion Pumps - Six Pack Configuration

Why the SMARTeZ® Six Pack?  Convenient | More Efficient | Less Waste | Enhance Productivity

**Patient Benefits:**

- Design enables patients to participate in normal daily activities and improve quality of life:
  - Lightweight & Disposable
  - Portable & Durable
  - No batteries or programming required
- Components are not manufactured with natural rubber latex and are DEHP Free

Available in Multiple Flow Rates and Fill Volumes

Exclusively Distributed by:

Item # PMIPOUCH - Elastomeric Carry Pouch
(also available in X-Large size w/51” belt, order item # POUCHXL)

Exclusively Distributed by:

www.progressivemedinc.com
### Design Benefits:

- Color-coded by flow rate to assist in filling accuracy and reduce the risk of medication errors
- Easy to use and simple to fill design for smoother and faster filling
- Transparent design to allow visual product inspection during pharmacist verification
- Expanded drug stability data available includes:
  - Longer dating for several medications when compared to competitor data
  - Commonly dispensed drug concentrations not previously studied in elastomeric pumps (see SMARTeZ Stability Data for Drugs Using Elastomeric Infusion Pumps)
- Extensive collection of flow rates and fill volumes available
- Double cap to protect sterility during filling
- Automated manufacturing provides a consistent and reliable supply, diversified therapy options and customizable volume and rate combinations
- Air and 1.2 micron particle eliminating filter plus air eliminating membrane
